- The bank has adopted IFRS 16 (Leases) in the financial year 2019. The adoption of this standard resulted in material impact in the income statement, Balance sheet and regulatory ratios as follows:

 On application of the new standard, a new asset (Right of use asset) and a liability (Lease liability) have been incorporated in the balance sheet

 Initial adoption led to Frw 115m increase in retained losses

 The additional asset caused an increase in risk weighted assets and subsequent reduction in total capital/risk weighted assets ratio

The Financial statements were approved by the board of directors on 14 November 2019 and signed on its behalf by:

Chairman
